State Tax Commission Will Visit Paducah July 6 and Mass Meeting Will be Held by Commercial Club

Mayor Smith Receives Announcement of Date Today.

Prominent Men From All Parts of State Compose the Board.

Paducah will be one of the cities of the state in which the tax commission, appointed by Governor Willson to propose constitutional amendments for the reform of the state tax laws, will meet. This morning Mayor James P. Smith received a letter from W. B. O'Connell of Frankfort, secretary, stating that the commission will meet here July 6, and requesting that the arrangements for the meeting be placed in the hands of the local Commercial club. Mayor Smith at once communicated with Mr. Saunders Fowler, secretary of the club, who will lay the matter before President Earl Palmer.

This meeting is one of most far reaching importance to the citizens. Everywhere the commission has met crowds of farmers, as well as city people, have attended the mass meetings, to hear discussions of the subject of tax reform and air their own views on the subject.

The commission is composed of W. A. Robinson, Louisville; J. W. Cammack, Owensboro; W. H. Mackey, Covington; J. K. Hendrick, Paducah; W. H. Cox, Maysville; J. F. Hager, Ashland. An advisory commission is composed of the following citizens, representing various lines of industry: Chairman, T. A. Combs, Lexington; agricultural, H. M. Frohman, Ghent; J. M. STORM WATER SYSTEM IS CARRYING SEWAGE

Property holders of Fountain avenue and Harahan boulevard, who have connected their homes with the storm water sewer, will be cited to appear before the board of public works Saturday. Unfortunately the sanitary sewer does not extend to that section, and many property holders by mistake have connected with the storm water system, which is designed only for drainage of surface. The intakes of the gutters and the manholes have no traps, and complaint is made of the stench from them.

LION KILLS MEMBER OF ROOSEVELT PARTY

Nalvasa, British East Africa, June 15.—A runner from Roosevelt's camp at Solik, reports W. Williams, an Englishman, hunting with a party supposed to have included Roosevelt, was fatally injured by a wounded lion Saturday. His shoulder was broken and the flesh ripped to shreds in a dozen places.

Launch Owners Warned

Notice has been served on the owners of gasoline launches that they must quit the practice of landing at the Bettie Owen float. When seen by a representative of The Sun this afternoon Mr. Charles Robertson, the owner of the Bettie Owen, said: "I don't object to owners of private launches going over to the Illinois shore, but those people who make a living out of hauling people across must stop. Anybody who hires a boat and goes across shall be carried to Metropolis and his boat will be confiscated. Launches and row boats can be rented on the Bettie Owen."

Auto Speed Trials

Crown Point, Ind., June 15.—All but three cars entered in the auto races Friday and Saturday have arrived and begun practice. The best time recorded is a strange Buick of 23 1-3 miles in 24:15. The team-mate, Chevrolet, is said to have made even better time.

Lampshire Dying.
La Porte, Ind., June 15.—Ray Lampshire, convicted of burning the Guinness home, is dying in Michigan City penitentiary. He had several hemorrhages. An effort is probable to secure his immediate parole. His sister, Mrs. James Finley, received a letter and went to the prison. She was denied admittance.

The water was six inches deep in streets. The power plant is disabled. Five hundred feet of the main track of the Fort Worth & Denver road are washed out.

RUSSIA WILL ASK CO-OPERATION IN CUTTING NAVIES

St. Petersburg, June 15.—It is stated on good authority that when the czar meets other rulers shortly, he will urge a restriction of future naval armaments. High officials say this attitude is caused by the knowledge that Russia is unable to keep pace with the English, German and French program. The czar meets the kaiser Thursday at Lamer, cruising in the Gulf of Finland. Later he will visit Fallieres and King Edward. His advisers are trying to arrange for the czar to meet Victor of Italy and Franz Josef of Austria.

Bridge Men Coming

Officers of the Vincennes Bridge company are expected to arrive in the city some time this week, according to a letter that has been received by County Attorney Aiken Barkley. In the letter it was explained that the president of the firm had been in Oklahoma, where a large contract was in course of construction, but that on his return with the superintendent he would leave for Paducah. It is thought that the company will begin work at once of erecting the bridges over Clark's river and Perkins creek.

WEATHER

Generally fair tonight and warmer Wednesday. Highest temperature yesterday, 84; lowest today, 66.

POLICE AND CITY TREASURER FALL OUT OVER VENDER

Patrolman Says He Blockades Street and Mr. Walters Says Not.

Case Called For Trial This Afternoon.

LIVELY TIME ON SATURDAY

What Harrison Dunlap, a colored vender of barbecued meat, does not know about the majesty of the law is to be found in those higher realms that never stoop to such conditions as are concerned with police regulations, city ordinances, license fees and magistrate's courts. Harrison was the central figure in a controversy on Second street Saturday night between City Treasurer G. W. Walters and Chief of Police James Collins. Harrison is on trial this afternoon before Police Judge Cross on the charge of obstructing a street, preferred by Patrolman Cross. It might not be proper to say Harrison has been double-crossed in the beginning, but he probably would feel more comfortable with a rabbit's foot in his pocket.

Harrison says he has been vending barbecued meat for years, and Saturday he had a wagon standing on the west side of the market house on Second street. Patrolman Cross and Chief Collins say he obstructed the way by attracting a crowd around him. City Treasurer Walters says he did not, and the crowd was attracted by the argument between himself and the policeman.

Some two weeks ago on Saturday night, according to License Inspector Ed Hubbard, Dunlap appeared at his house and wanted a license, saying the police would not permit him to sell meat without one. Mr. Hubbard went down to the market and Dunlap borrowed \$15 to pay for a lunch cart license. Hubbard said he exhibited the money to Patrolman Cross, who said it was all right. Afterward Dunlap went to the city hall and secured a receipt for the money from Treasurer Walters and received his license.

Saturday evening Patrolman Cross warned Dunlap off the street and Dunlap notified Mr. Walters, who went down and met Dunlap on the street.

Two Sides to Story.

Mr. Walters said: "I was not acting in my official capacity then, but as a private citizen. I had known Dunlap many years and he is a good negro. I told him to get his wagon and go back on the street. I wanted to see whether he really was violating the law. There was another wagon not 30 yards beyond Dunlap's selling meat in the same way, and I asked the owner if he was warned off. 'No, I stand in with the police,' he said.

"Dunlap wasn't obstructing the street. There were 20 feet between him and the market house and there was no crowd around him when I went up. When Patrolman Cross and I got into an argument a crowd collected and that was what Chief Collins saw when he arrived on the scene. Cross said Dunlap would have to get off the street and I told the officer if Dunlap was violating any law to get a warrant; that he would stay on the street until he was arrested, and he did."

Chief Collins said Treasurer Walters was unwarrantedly interfering with the police; that complaint had been made and Patrolman Cross ordered Dunlap off the street, because he was obstructing the free passage of traffic. Chief said there is difference between a man pushing a cart and a man standing a wagon in one place in the street, inviting people to gather around him and buy meat.

"There must have been 100 men around Dunlap when I saw him Saturday evening and they obstructed the street. I told Patrolman Cross to swear out a warrant for the man, which he did."

Tried to Wreck Train

Hopkinsville, Ky., June 15. (Special).—An unsuccessful attempt was made to wreck the Louisville & Nashville train on the Henderson branch, two miles from here Sunday. Rocks were piled on the track, but were swept off by a train moving forty miles an hour. There is no clew.

Speckles Is Good Fellow, All Right.
Chicago, June 15.—Claus Speckles started for California Sunday. Adele Case, the singer, went later. Miss Case denied the published interview acknowledging her engagement to Speckles. He is a good fellow, etc., but they have no intention of marrying.

PRINCETON GOES DRY BY MAJORITY OF EIGHTY-SEVEN

Women and Girls Work at Polls All Day to Achieve Victory.

License League is Fighting Dives.

DECLARE THEY FAVOR REFORM

Princeton, Ky., June 15. (Special).—Princeton went dry at the local option election held yesterday by 87 majority. The day passed quietly, prayer and singing services being held at all the polls continuously during the day.

Bells ringing, women cheering and flags waving at 5:15 last evening announced to the town of Princeton that the drys had carried their flag on to a victory of 87 majority.

At 5 o'clock in the morning the women and girls of the city started their fight and with the cry of "Princeton's going dry," they fought every inch of ground all day long. Even the rain of the afternoon did not stop them in their efforts.

Organized like an army, with a post at every voting place, keeping without the 50 foot interference line, they sang and prayed to every voter that put in appearance. Free lunch was served at each poll.

Flying brigades kept tally on the doubtful ones, escorted them around the town and exhorting, singing and sounding the slogan of "Princeton's going dry."

Model License League Report.

Louisville, Ky., June 15.—The National Model License League has investigated conditions in Ohio in connection with the liquor business and has received a report from A. H. Woodson, head of its educational bureau. The report says in part:

"The distillers, brewers and wholesalers of Ohio assure me that they are unanimous in the determination to put the law-breakers out of the liquor business in their state. Their view of the situation is that it is business suicide to permit infractions of the law."

"The liquor interests have established a vigilance bureau and have put out 20 scouts to search for violations of the law. They are gathering evidence all over the state and in several instances notably in Dayton and Cincinnati, have forced law-breakers out of business. In some cases they have found that the local authorities oppose the prosecution of offenders and in such cases they present their evidence to the grand juries and employ counsel in the prosecution. Official prosecutors if so inclined, can hamper the work in some cases, but in more flagrant cases dare not act the traitor to the state in open court."

"Embodied in the Dean law, a law drawn by the liquor interests and successfully supported by them in the legislature, are the following regulations:

"No man who is not an American citizen shall conduct a saloon."

"A man who has been convicted of a felony shall not conduct a saloon."

"A saloon keeper shall not sell to minors or intoxicated persons."

"No improper females shall be permitted upon the premises of a saloon."

"No lewd or improper pictures shall be exposed in a saloon."

"Mr. Percy Andrea, president of the Ohio Brewers' association, and Mr. Morris Westheimer, president of the Ohio Wine and Spirit association, have the co-operation of the Personal Liberty League, an immense organization of business men outside of the beverages industry. These gentlemen take the position that the prohibition movement would amount to nothing if it were not for the adverse public sentiment engendered by a few law-breakers."

"It is a plain business proposition," said Mr. Andrea, "lawbreaking hurts our interests and we intend to put the lawbreakers out of the business."

"The Dean law is the most drastic passed in any state for the regulation of the saloon. It provides that any violation of its provisions must result in the saloon keeper forfeiting permanently the privilege of selling liquor legally in Ohio."

"The Ohio Brewers' association and the Ohio Wine and Spirit association have sent a poster-circular to every saloon keeper warning him as to the provision of the law and asking him to report violations of the law by any of his competitors. The promise is made that the places of lawbreakers shall be abated as public nuisances."

Sharp Knife, Carbolic Acid Found

Ascot, Society, Royalty

Ascot, Eng., June 15.—The Royal Ascot in the year's greatest race meet, began today. The king, queen and prince and princess of Wales and others of the royal family are present. There is a gorgeous procession of royalty and aristocrats and every American of consequence present. There are fully a dozen American coaching parties, including Mr. and Mrs. D. O. Mills and Alfred Vanderbilt with a coach load of society beauties. There was a remarkable showing of gowns, despite the threatening weather. Whitney's, Keen's, Carroll's, Belmont's, Winan's, Croker's and Vanderbilt's horses are ready to start. The meeting ends Saturday.

Keen's Ballot was favorite in the trial stakes at unplaced odds of 6 to 4. He carried top weight at 140.

Senate Will Propose Amendment to Constitution and Tax Income of Corporations, According to Plans

Aldrich Does Not Like It But Must Adopt it to Defeat Bailey-Cummins Income Tax Proposition.

Washington, June 15.—When Bailey and Cummins' income tax proposition comes up in the senate Friday it will be indefinitely postponed. In its place will be adopted a tax on the net earnings of corporations and a resolution, providing for an amendment to the constitution specifically authorizing congress to impose a tax on incomes. A canvass shows the senate will adopt these plans, which will be offered by Aldrich, who, though opposing it, is forced to act to prevent Republicans joining Democrats in writing the income tax provision in the tariff bill. The proposed tax is expected to raise from twenty to fifty millions.

An exhaustive review of the tariff bill and a vigorous protest at the practice of veterans hazing new members on the chief points in the speech of Owen, Democrat, of Oklahoma, in the senate today. He said he would not vote for the Aldrich bill because the measure is to protect monopolists at the expense of every class of consumers. He criticized the finance committee's failure to furnish information on the cost of production in this country and abroad and refusing to permit Democrats to assist in framing the bill. He said the bill violates the principle of protection from beginning to end.

The meeting began this afternoon, and during the session the principal item for discussion will be the pure food laws.

CANDIDATE FOR MAGISTRATE IN SEVENTH IS DEAD

H. C. Hartley, 57 years old, Democratic nominee for magistrate in the Seventh district, died this morning at 5 o'clock, following an illness with complications of diseases. Mr. Hartley resided on the Blandville road about 10 miles from Paducah, and was a prominent farmer of the county. Several years ago he held the office of magistrate, and at the last Democratic primary was nominated again. Virginia was his birth place, but he came to Kentucky when quite a young man.

Besides a wife, he is survived by Misses Lena, Minnie, Willie and Loya Hartley, all of whom resided with their parents, and three sons, Robert Hartley, of North Thirteenth street; L. D. Hartley and Rufus Hartley, of the county. The funeral will be held tomorrow morning at the Mt. Zion Baptist church, the Rev. T. B. Rouse officiating while the burial will be held in the Mt. Zion cemetery.

Killed by a Train.

Mrs. Luvisa Hutchens, of 1107 Jackson street, received a telegram this morning announcing the death of her nephew, Mr. Henry Calender, a railroad fireman. Mr. Calender was struck by a train near Durant, Miss., early this morning.

Calender was 22 years old and had visited Mrs. Hutchens in this city a number of times. His home was in Livingston county. The body will arrive in this city tonight at 1:30 a. m. and will be taken to the home of Mrs. Hutchens. A brother, Frank Calender, will accompany the body to this city, and two other brothers, Thomas and Ed., both of Livingston county, arrived in the city this afternoon. The funeral arrangements will be made tonight after the arrival of the body. The funeral will be held either in this city or Livingston county.

BORNEMANN LEFT ESTATE OF \$52,000 MUCH ENCUMBERED

Owing to the litigation involving the estate of the late William Borne-mann, Circuit Judge William Reed ordered Oscar Hank, administrator, to turn the property over the Cecil Reed, master commissioner. The action was taken because Mr. Hank, as administrator, was a party to the litigation, and it was considered fair to the creditors. For services in collecting the money he was allowed three per cent and he was allowed to retain \$1,000 to be used as expenses in civil actions.

A report was made to the court that approximately \$52,000 had been collected from life insurance policies, and the sale of a small amount of tobacco. The sale of personal property has realized several hundred dollars. As nearly all of the policies were encumbered as security for loans, and premiums due, the amount in the hands of the administrator is about \$37,000.

Strike on St. Petersburg Lines.

St. Petersburg, June 15.—All street car employees at St. Petersburg struck this morning. They demand higher wages. Troops patrolled the streets. A tie-up is complete, interfering with business.

CONCEALED IN FREEMAN CELL COUNTY JAIL

Officers Discovered Blade and Removed it; Then the Bottle!

Great Care Now Exercised to Prevent Attempt at Self-Destruction.

Two ounces of carbolic acid have been found in the cell of George Freeman, the negro murderer sentenced to be hanged June 25, while several weeks ago a knife was found concealed in his cell. The search was made of the cell, following a remark of Freeman that he might kill himself, and a four-ounce bottle half filled with carbolic acid was found.

Special precautions have been taken to prevent Freeman from cheating the gallows, and he has been removed from the round cage, and placed in a cell in the front of the jail, where he may be watched by the jailers. One ounce of the carbolic would have been sufficient to produce death.

Freeman has professed religion, and it is believed now that he is reconciled. He sent for Father Connolly, of St. Francis de Sales church, and will be confirmed in the church, and Father Connolly will remain with Freeman when he dies.

Freeman's Casket.
Coroner Frank Eaker will prepare an extra casket for the body of Freeman. He has arranged to equip it with better ornaments than the usual casket that the pauper gets. Any relatives of Freeman could demand the body, but so far Coroner Eaker has not received any notice that it would be secured, and is arranging to bury it in the county cemetery. It is the privilege of the coroner to bury the body or to sell it to a medical college. So far, he has not received any offer from a medical college for the body.

ALMSHOUSE BENEFITS BY THE VISITATION

Sanitary conditions around the county almshouse are being bettered as the result of the visit of Mrs. Crane. This morning the contract was let for cleaning out the elevated water tank, which furnishes water for the institution. The tank will be given a coat of paint also. Other conditions about the place have been bettered, and the sewerage system has been cleaned out. Orders of Dr. Young, who was complimented by Mrs. Crane, are given more attention.

"Not the friends we make but
those we keep—this is the test of in-
dividual merit."If Mrs. Howard Gould spent her
time at Palm Beach in dressing, she
can prove that she didn't have time
for any escapades there.They won't even let a poor devil
enjoy the solace of his customary
needle without accusing him of at-
tempted suicide."The situation in Breathitt is im-
proving. Conditions are exagger-
ated," says a press dispatch. We
can believe conditions are bettered
in Breathitt if they are capable of
exaggeration.It is very spunky in Adele Case to
say she will not marry until she
proves she can succeed on the stage;
but the stage honors are elusive and
empty, and there is nothing vague or
fleeing about the Spreckles fortune.
Adele would better marry young
Spreckles and get some alimony be-
fore pursuing the fickle will-o-the-
wisp reputation.

SPEAKING OF CITY FOLIAGE.

"A writer in the Cleveland Plain
Dealer grows jubilant over the cir-
cumstance that within the last few
days many of the streets of New
York have been transformed by the
addition of masses of foliage artist-
ically disposed, says the Louisville
Times. He dwells upon the wide use
now made in the metropolis of win-
dow boxes, potted plants, hedges and
arbors and of vines sprawling over
dead walls. And so it is no longer a
common reproach that New York has
little or no foliage, no touches of
green to rest the eye. Indeed, in the
present summer the houses more or
less completely vine-covered in
Manhattan alone may be counted by
the hundred."All of which is a very high com-
pliment for New York and a matter
that quite properly may cause the
rejoicing of the writer in question.
"But if he would see a city that is
most inviting in its green garb let
him come and take a look at Paducah
this summer, and count the number
of trees recently planted. We be-
lieve there is not another city in
Kentucky can show a like number.OBLIGATION OF CITIZENSHIP.
James Lyons, colored, who was
present and protested against the
rape of Mary Gladder in Logan coun-
ty, by Guy Lyon and W. R. Fletcher,
appealed to Governor Willson for a
pardon. He was sentenced to 20
years. Governor Willson refused, be-
cause he said Lyon should have pre-
vented the crime at the risk of his
life. Every honest person will agree
with the principle therein contained.
It is not true that just because a per-
son did not risk his life to prevent
a crime, therefore he is guilty of par-
ticipation in that crime. But Lyon
was already convicted and applied
for executive clemency, asking jus-tice, which he said was denied him in
the court. His ground was that, he
not only did not aid and abet the
crime, but he protested, and the gov-
ernor said it was not sufficient for
him to have protested under such
circumstances in order to touch the
mercy of the chief executive. He
should have protected that girl at all
hazards, and the man, white or black,
who would not do so, is entitled to
the tender consideration of no human
being, governor or private citizen.
The Sun said some few weeks ago
that it was the duty of Sheriff Shipp
at Chattanooga to have died if need
be to protect his prisoner from a mob.
He had sworn to perform his
duty, and was paid by the public to
do it. But that obligation in general
rests no more bindingly on the of-
ficial than on the private citizen. We
delegate certain public functions to
certain public officers; but we do not
delegate our obligations as citizens.
It is the duty of every citizen to
fight wrong and lawlessness and
crime, wherever and whenever he
sees it, and Governor Willson was
enunciating a principle that applies
to more of us besides the ignorant
negro prisoner in the penitentiary
who thought himself aggrieved.

Are you sometimes discouraged,
and think you'll never be any better?
Can you tell the cause of your
trouble, or what makes you sick?
Do you know that about nine-
tenths of all sickness is caused by
kidney trouble?Have you ever stopped to think
that your kidneys may be the cause
of your poor health?
Most people do not realize how
much work the kidneys are required
to do every day.Every drop of blood in the body
must pass through and be filtered by
the kidneys thousands of times a day.
How can they do their work well
if they are sick?If your kidneys need treatment,
Dr. Kilmer's Swamp-Root, the won-
derful kidney remedy, will prove to
be just the medicine you need.If you will write to Dr. Kilmer &

ROADSTER VISITS FOUR TOWNS AND STIRS UP INTEREST

Live Contestants Started in
Woodville, Kevil, La Center
and Bandana.Big Touring Car in City For
Rest of Week.

SOMETHING ABOUT THE PRIZES

Smooth-running, speedy and grace-
ful, the Ford roadster, second grand
prize in The Sun and Associate News-
papers' Great Voting Contest, paid a
flying visit to Woodville, Kevil, La
Center and Bandana yesterday, re-
turning to the garage late in the
afternoon.The handsome grey machine at-
tracted attention all along the road
and in the four towns visited people
lined up on the streets and inspected
it thoroughly. Full familiarity with
the details of the contest was found
everywhere and in each town a live,
enthusiastic candidate was started.
Some effective work is confidently ex-
pected from the section visited yester-
day by the roadster.The Ford touring car, first grand
prize, is in Paducah and will remain
here the greater part of the week,
possibly all week, giving McCracken
county candidates a chance to test its
speed and smooth running qualities.
The roadster is also in the city today.That both of these handsome ma-
chines are to be given away is a fact
that makes them of unusual atten-
tion everywhere they go. Either one
is a prize to gladden the heart of any
person fortunate enough to win it—
and either is a prize worth striving
for with all of one's might. There
are other handsome prizes to reward
well-directed effort, but the automo-
biles are the ones that every candi-
date has hopes of making his own.Still, next to the automobiles is
\$350 in cash, which is offered as third
grand prize to be given to the candi-
date with the third highest score, no
matter from what district he or she
comes.Then there are the district prizes—
prizes that MUST be awarded in the
various counties. The first prize in
each county is a \$400 Ward piano,
the second is either a \$100 suit of
furniture or a buggy of the same
value, the third a \$75 scholarship in
the Paducah Central Business Col-
lege, the fourth a \$50 gold watch
(either for lady or gentleman) and
the fifth prize is valued at \$25. Five
contestants in every county will win
prizes and there may be eight. In
McCracken county the piano is the
grand prize for the two districts in
which the county is divided and a
\$150 diamond is second.Never before has a newspaper in a
city of Paducah's size attempted to
conduct a contest of such proportions.
TEN THOUSAND DOLLARS is a
large amount of money for any pur-
pose; to be given away it seems
larger. But this is the amount The
Sun will actually give to the success-
ful contestants—and it already feels
that their aid will be worth more
than this.From now on the contest is going
to be spirited and no prize will be
won without some hard work. In
every one of the eleven counties
numerous candidates are trying to
make this week tell—to turn in
enough business to benefit by the
second offer of bonus votes. A large
number will be successful and the first
scores of any consequence are ex-
pected next week.IF IT'S ONLY A HEADACHE

slight sprinkle fell but not enough to

The farmers did not need the rain,
however.

Brain Building.
How to Feed Nervous Cases.
Hysteria sometimes leads to insanity
and should be treated through
feeding the brain and nerves upon
scientifically selected food that re-
stores the lost delicate gray matter.
Proof of the power of the brain food,
Grape-Nuts, is remarkably strong.

About eight years ago when work-
ing very hard as a court stenogra-
pher I collapsed physically, then
nervously, and was taken to the State
Hospital for the Insane at Lincoln,
Neb., a raving maniac.

"They had to keep me in a
straight-jacket and I was kept in the
worst ward for three months. I was
finally dismissed in the following May
but did no brain work for years, un-
til last fall when I was persuaded to
take the testimony in two cases.

"One of these was a murder case
and the strain upon my nervous sys-
tem was so great that I would have
broken down again except for the
strength I had built up by the use
of Grape-Nuts. When I began to feel
the pressure of the work on my
brain and nerves I simply increased
the amount of Grape-Nuts and used
the food more regularly.

"I now feel like my old self again
and am healthy and happy. I am
sure that if I had known of Grape-
Nuts when I had my trouble 8 years
ago I would never have collapsed,
and this dark experience in my life
would never have happened.

The power of Grape-Nuts as a
brain food is simply wonderful and I
do not believe any stomach is so
weak that it cannot digest this won-
derful food."

"There's a Reason." Look for the
little book, "The Road to Wellville,"
in packages.

Ever read the above letter? A new
one appears from time to time. They
are genuine, true, and full of human
interest.

NO MORE GRAY HAIR.

It is easier to preserve the color
of the hair than to restore it, al-
though it is possible to do both. Our
grandmothers understood the secret.
They made and used a "sage tea,"
and their dark, glossy hair long
after middle life was due to this
fact. Our mothers have gray hairs
before they are fifty, but they are
beginning to appreciate the wisdom
of our grandmothers in using "sage
tea" for their hair, and are fast fol-
lowing suit. The present genera-
tion has the advantage of the past
in that it can get a ready to use
preparation called Wyeth's Sage and
Sulphur. As a scalp tonic and color
restorer, this preparation is vastly
superior to the ordinary "sage tea"
made by our grandmothers, and it
can be bought for 50 cents and \$1 a
bottle at almost any first-class drug
store, or will be sent direct by the
Wyeth Chemical Company, 74 Cort-
landt St., New York City, upon re-
ceipt of price.

For sale and recommended by W.
J. Gilbert.

Russian Dance, by Rachmaninoff,
which was played in a brilliant and
beautiful manner by Mrs. D. J. Geary,
of the Saturday Musicals. Mr. and
Mrs. Marc Stuart sang the Passage
Bird's Farewell most delightfully.
Mrs. Stuart's beautiful mezzo-so-
prano, which is heard so seldom and
Mr. Stuart's fine baritone, blending
charmingly, while their phrasing was
unusually intelligent. Mrs. George
B. Hart, of the Matinee Musicals, Pa-
ducah, played Tremolo Etude by Gott-
schalk, with fine technique, and with a
round and mellow tone which was
specially pleasing.

MONDAY PROVES SUCCESSFUL DAY

Judging From Point of View of Pleasure Given.

Chautauqua Program This Year Delights the Patrons Beyond All Measure.

SOME CHANGES ARE MADE

Monday, the second day of Chautauqua, did not open as auspiciously as the first, as there was every indication that it would rain any minute and the showers that did come in the forenoon interfered with the attendance in the afternoon. Later in the day, however, the weather man repented of himself and the evening was good Chautauqua weather.

Miss Mary L. Claxton opened the afternoon program with some of her choice readings and with her gracious Kentucky spirit added to the interest that the people of Paducah are taking in her. Those who heard Hon. Spillman Riggs on "Musical Fife and Misfits" were pleased. This evening the same speaker will deliver another humorous lecture on "Social Fife and Misfits," and those who have heard him say that the latter effort is superior to even the lecture of Monday afternoon.

"Two Old Confederates."

The evening program of Monday was essentially a Confederate one, along with much negro dialect and song, as these are the specialties of both Miss Claxton and Messrs. Miller and Booker. Miss Claxton concluded her part of the program by reciting most effectively Father Ryan's "Conquered Banner." At 8:15 Hon. Polk Miller and his companion, Colonel Booker, came on for two hours of story and song before the war, and so well did they do their part that it was almost as interesting to watch some of the audience as to listen to the tales they told and the songs they sang. Polk Miller, as his friends affectionately call him, is one of those rare characters who can tell a story a half dozen times and still make it interesting to his hearers. Years either mellow or sour men as days ripen or sour fruit, and evidently there is no acid in the make-up of these two old Confederates who were boyhood friends. If laughing makes one grow fat many went away last evening weighing several pounds more, and under the banjo playing of Colonel Booker some feet instinctively stirred the sawdust in the parlor.

Changes in Program.

Preceding Mr. Riggs' address this evening Miss Claxton will give a brief reading.

Hon. James E. Watson, who was to speak Wednesday telegraphed the management that it would be impossible for him to get away from congress and all his dates for some weeks must be cancelled.

In the afternoon of Wednesday the Chicago Ladies' Orchestra, which so pleased the patrons of Chautauqua last year, will give an entertainment. Miss Claxton will read both in the afternoon and in the evening.

BIG AMATEUR CONTEST.

Talent of a Classy Character Will Entertain Kentucky Theatre Patrons Tonight.

An amateur contest of a classy character is the program at The Kentucky theatre this evening, the eight contestants representing the very best of the non-professional talent in the city at present. The numbers have been very carefully selected and rehearsed, thus giving promise of more than an ordinary entertainment.

In addition to the amateur contest there will be the usual exhibition of two reels of moving pictures and the rendering of two illustrated vocal numbers by Mr. Sam Graham and Master Howard Dolph.

Three handsome cash prizes of \$5, \$3.50, and \$2 are the trophies with the honors that the amateurs will contest for, the awards to be made by the audience on merit strictly.

The doors of the big theatre, delightfully cool on warm and sultry days on account of its superior facilities for ventilation and twelve big ceiling fans, will be open at 7 p. m., the performance beginning at 7:30, the amateur contest immediately following the first performance of pictures and songs, or approximately at 8:15 p. m.

A program of the entertainment can be found on the fourth page of this issue of The Sun.

Pay your city taxes now and avoid the penalty after July 1.

Showed How Laddies Can Run.

While enjoying an automobile ride over the city, the bankers of the First district were given a trial run of Paducah's fire department yesterday afternoon at 5 o'clock. Mayor Smith, who was with the bankers, pulled box alarm 55, which is at Third and Tennessee streets, almost an equal distance from stations Nos. 1, 2 and 4. After the box was pulled Fire Chief Wood was at the corner in 1 and 3-4 minutes, while the three fire companies followed closely on his heels. The bankers were pleased at the speed shown by the Paducah fire department.

Mild Laxative for Baby Free

The child of today is the parent of the future, and whether it grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents. For most children are born into the world healthy, but thousands become future weaklings between birth and the age of ten, when the parents are still in greatest control.

The prime cause of trouble is in the stomach. A baby that is digesting its food seldom cries and always looks cheerful; the little child whose stomach is good romps and plays and never whines; the growing child learns well at school and is eager for fun if its head is clear and its stomach light, and that means it has no constipation.

The best and safest way to cure any irregularity of the stomach and bowels in children is by the use of Dr. Caldwell's Syrup Pepsin. This is a liquid laxative wonderful in its effect as Mrs. John W. Dunham, 2455 Creek St., Mrs. H. C. Cullum, Plainville, Ind., and numerous others can testify who give it to their children with extraordinary results. A bottle only costs 50 cents, or \$1 according to the size you want, and even one 50-cent bottle will do wonderful amount of good in a family. It can be given to any member of the family in constipation, or stomach indigestion, torpid liver, dyspepsia, heartburn, sick headache and similar digestive troubles. It never gripes or strangles like pills, tablets, salts and powders, which should not be given to children, women or old folk.

If you have a child or other member of the family who needs, but has never used this grand laxative tonic, send your name and address to the doctor and a free trial bottle will be sent to your home. In this way you can find out what it will do without personal expense.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 67 Caldwell Bldg., Monticello, Ill.

GIRLS GO BACK TO NATURE

Belles Using Skin of Garter Snake For Purposive Name Implies.

Richmond, Va., June 15.—The newest fad of Virginia girls has put a price upon the heads of reptiles, for the brilliant skins of the garter snake is now to be utilized for its legitimate purpose of supporting the openwork hosiery of Virginia beauties. Exactly where and when the fad originated appears not to be known, but jewelers have found it to be worth while to prepare the skins of snakes to be used as bows and buckles on women's garters.

AGONY OF ECZEMA BEYOND WORDS

Whole Body a Mass of Raw, Torturing Humor—Hair All Fell Out and Ears Seemed Ready to Drop Off—Clothing Would Stick to Bleeding Flesh—Hoped Death Would End Fearful Suffering.

CASE SEEMED HOPELESS BUT CUTICURA CURED HER

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony I endured seemed more than I could bear. Blood and pus oozed from the great sores on my scalp, from under my finger nails, and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor told me he could not cure me, and I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my fearful sufferings."

"In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal, and I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I cannot praise Cuticura enough. I wish I could tell everybody who has eczema to use Cuticura. My condition was so terrible that what cured me cannot fail to cure anybody of this awful disease. If any one doubts the truth of this letter, tell them to write to me. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908."

Cuticura Soap, Ointment and Resolvent (Bottle of Pills) are sold throughout the world. Write for a free trial bottle. Cuticura is a registered trademark. Mailed Free. Latest Cuticura Skin Book.

In preparation for the visitors the circuit court room is being painted, and placed in good condition. All the sessions will be held in the court house with the exception of the address by Attorney General George W. Wickersham, who will deliver his address, "State Legislation, Regarding Foreign Corporations," in the Kentucky. The admission will be free.

For the accommodation of the visitors the Illinois Central railroad, according to notices sent out by Secretary R. A. McDowell, has arranged to have extra sleepers on train No. 103, leaving Louisville on the night of July 6 at 9:40 o'clock. The sleepers will be cut off at Paducah, and the guests extended the privilege of sleeping until 8 o'clock in the morning. Similar arrangements will be made for the return trip.

The banquet will be held Thursday night at the Palmer House, and all members are urged to attend. The banquet will be \$3 for each plate, and will be informal. James Campbell, Jr., is in charge of receiving the remittances for the banquet.

An excursion up and down the Ohio river will be tendered the visiting lawyers Thursday afternoon. The boat will return in time for the banquet at night.

Rates of one fare plus one-half and 50 cents have been made by the railroads. The lawyers and their families who accompany them to the meeting will be entitled to a return ticket at the rate of one-half regular fare plus 50 cents, provided they pay regular fare to Paducah and secure a certificate from the ticket agent at their starting point. These certificates must be presented to R. A. McDowell, secretary, before the reduced rate can be secured by the agent of the railroad.

EXCESSIVE RAIN HURTS THE COTTON

Report of Condition Has
Reached Memphis.

All States Show Records of Crop So
Far in Report Issued Today.

NEED ONE WEEK OF SUNSHINE

Memphis, June 15.—Excessive rain
fall has caused much grass in cotton
fields east of the Mississippi river.
The weather of last week was fair
and hot, however, and much progress
was made in cultivation. Another
week of bright warm weather is need-
ed to put the crop in good shape.
Worst reports are received from Mis-
sissippi, where, until last week, the
rains were very heavy, washing the
uplands and flooding the lowlands.
The acreage in the state has been de-
creased as a result.

West of the Mississippi river the
crop is in fair condition, reports from
Oklahoma and Texas being excellent.
The rainfall west of Arkansas and
Louisiana, except along the coast of
Texas, has not been excessive. Parts
of Texas are deficient in moisture,
but the plant looks well and is grow-
ing.

The plant generally is smaller than
last year, but where not over-
run with grass or submerged, is
healthy.
Showers in Texas and Oklahoma
would be beneficial, while fair
weather is needed elsewhere.

NO RACE SUICIDE HERE.

Delaware Man Father of 30, Oldest
53, Youngest 2 Years.

Del Mar, Del., June 15.—Col.
Roosevelt started for Africa before
being acquainted with the fact that
one of the best exponents of anti-
race suicide is John W. Guy, who is
the father of thirty children, twenty
sons and ten daughters, of whom
there are twenty-one living, his eldest
child, a son, being 53 years old. His
youngest, a daughter of two years.

Mr. Guy is a farmer and resides at
Melfa Station, a few miles south of
here. He was 75 years old April 6,
last. In 1855 he was married to
Mary Ann Rayfield, a farmer's daugh-
ter, both being in their twenty-second
year. To this union seven chil-
dren were born.

On September 12, 1868, he mar-
ried Margaret Elizabeth Ayres, 21
years of age. To this union 18 chil-
dren were born.

His last marriage was to Lola
Crockett, a beautiful girl of 16 years,
the bride-groom then being in his six-
ty-fifth year. To this union five chil-
dren thus far have been born.

AN ANGLER'S ELYSIUM.

According to advertisements all
summer resorts are alike. They are
the best ever—but, if fishing is better
anywhere else than it is in "Geor-
gian Bay" we do not know where it
is. There is a greater variety of fish
in this water than anywhere else,
and they are always hungry. The
only place where you can afford to
fish is where the fish are numerous,
big and delicious in flavor, and that
place is Georgian Bay—so the fisher-

DISAPPOINTMENT FOR THE FAT.

Realizing the danger and disagre-
eableness of their condition, many fat
people rush off and buy a sweater,
intending to exercise it off. Alas for
the frailty of human intentions. Few
survive the first hour's exertion.
Others prefer dieting, but are made
to look foolish by the first savory
whiff of broiled steak they run into.
How much easier it is to get a
large 75c case of Marmola Tablets
either direct from the makers, the
Marmola Co., (Dept. 410) Detroit,
Mich., or, better still, of your local
druggist, and take one of the gener-
ous supply of pleasant tablets it will
contain, after each meal, and at bed-
time. Forget exercising and dieting
and do this.

It is not only easier, but surer and
safer. Being made particularly and
strictly in accordance with the fa-
mous Marmola Prescription, these
tablets hurt no one—don't affect the
stomach in the slightest or produce
even one wrinkle, and yet a single
case of them will give a person most
acceptable service. In fact, scores
of people have taken off thirty
pounds of fat in as many days, just
by taking one little tablet four times
a day as described.

**IN SPECULATIVE CIRCLES JUST NOW**

Sentiment in Wheat is Ag-
gressively Bearish.

Majority of Dealers in the Cereal
Are Short—June Crop Report
in Line.

PROVISIONS MARKET ACTIVE.

Chicago, June 15.—Liquidation of
July wheat holdings was the order
last week and the July premiums over
later deliveries faded considerably.
Several large houses sold big lines
during the week, the Bartlett-Patten
houses selling as freely as possible,
meanwhile buying December delivery
to prevent the too rapid development
of a general undertone of heaviness
that was setting in. As a result of
the July liquidation July wheat last
week lost 2 1/2 cents, while September
was unchanged and December 3/4
higher.

Speculation Bearish.
Speculation sentiment in wheat
was more aggressively bearish all
week than it had been for a long
time. There were indications also
that the bears will be more stub-
born fighters and more influential in
character and numbers than hereto-
fore. The belief was growing that
the relative position of speculators is
rapidly becoming far different in the
new crop months than it was in the
old. With the rapid approach of har-
vest the position of the short seller
is becoming much more tenable, the
"scenery" that he has been selling for
some time is rapidly materializing
into property that can be delivered
in settlement of a contract. Except
for a limited quantity of old and new
cash wheat wanted to meet immediate
needs of consumers, the actual prop-
erty is by no means the desirable
proposition it was a few weeks since.
The owner is constantly confronted
with the certainty that the longer it
is held the less it is worth. This
was the explanation of the general
desire to unload July wheat.

Wheat Traders Short.
Ninety-five percent of the wheat
traders are now bearish and a major-
ity are short. They declared the
long-deferred June break is now at
hand and predict a good break in
prices. The best judges of the mar-
ket conditions say the crowd has sold
all their long wheat and went short.
However, it is claimed they are in
a position where they can easily be
scared into covering. Meanwhile the
bull leaders in wheat are not the
least disturbed and intimate they ex-
pect to see nervous markets at this
season and as yet have seen nothing
to cause a change of view regarding
the cereal.

Looking for New Wheat.
The bulls argue that the bears will
be able to make a little capital out
of the first movement of new wheat.
The millers are paying \$1.22 for car
lots of hard winter at present, and,
the bulls declare, it does not look
like a good business proposition for
them to ignore the first movement of
new wheat at \$1 to \$1.10 or even
\$1.25. They will want a lot of wheat
and it is doubtful whether the first
movement will be large enough to go
around.

Week's News Depressing.
With the exception of unusual
strength in the northwestern markets
on both sides of the international
line, the bulk of the week's news
was of a depressing sort insofar as
prices were concerned. There were
good rains over the section west of
the Missouri river, extending from
Texas to the Canadian line. This was
of vast value in filling the Kansas
and Nebraska crops, which are now
approaching maturity and the rains
also helped the spring wheat pros-
pects vastly in North and South
Dakota.

News from abroad indicated that
the famine scheduled for importing
countries by the theorists was grow-
ing more and more remote. The
world's shipments for the week were
about 11,867,000 bushels, which was
nearly 3,500,000 bushels more than
for the corresponding period last
year. Shipments from India were
enormous at 2,264,000 bushels, as
against none a year ago. Argentine
shipments were over 1,000,000 bush-
els more than for the previous week,
but about 900,000 bushels less than
for the same period a year ago. United
States visible for the week will
show a very slight decrease.

June Crop Report.
The June crop report, which was
issued last week, was about in line
with popular expectations, possibly
showing a little more spring wheat
and a little less winter wheat than
the trade had anticipated. The fig-
ures indicated the total crop of about
692,000,000 bushels of wheat, of
which about 389,000,000 bushels are
spring wheat. There was the expect-
ed falling off in the condition of the
winter wheat west of the Missouri
river as well as the improvement in
the soft winter states east. Although
it was generally expected that the
report would show a high spring
wheat condition, the trade was hard-
ly prepared for a condition as high
as 85.2. The increase in acreage of
1,133,000 acres more than was har-
vested last year was probably a little
more than the trade had been expect-
ing. Nevertheless the spring wheat

report was given a rather bullish
construction after it had been thor-
oughly digested, as the June Promise
has never yet been harvested. There
is almost invariably quite a shrinkage
between June and harvest in spring
wheat. The shrinkage last year was
nearly 64,000,000 bushels, the win-
ter only 9,900,000 bushels.

Corn Controlled by Weather.
Corn was strong early in the week
and on Thursday all trading futures
sold at the highest price of the crop
year. This strength was based on
wet weather which was expected to
curtail marketings and interfere with
cultivation. There was also very lit-
tle corn offered by the country. Later
in the week however, the weather
conditions improved decidedly, and
Nebraska and Iowa were offering corn
freely. As a result the previous ad-
vance was lost. Prices at the end of
Friday's session showed an advance
of 1/4c for September and 3/4c for De-
cember for the week. July was un-
changed.

Oats values ranged lower, princi-
pally on fine weather and good crop
prospects. Speculative operations in
the pit were on a small scale. Price
changes for the week were a loss of
3/4c for July, 1/4c for September and
3/4c for December.

Provision Market Drained.
Packing concerns absorbed all the
offerings of provisions last week and
the market was drained, forcing
prices higher. September pork sold
up to \$20.20 and was at that price
at the close on Friday. Traders in
provisions are as badly mixed regard-

S.S.S. MAKES A LASTING CURE

Not only its proven ability to cure, but its absolute safety as a remedy,
has made S. S. S. the most extensively used of all medicines in the treat-
ment of Contagious Blood Poison. Unlike the strong mineral mixtures,
which temporarily remove the outward symptoms and shut the disease up
in the system, there to carry on its destructive work on the delicate and
vital organs, S. S. S. strikes directly at the root, and by purifying the blood
of every trace of the virus, completely and permanently cures the trouble.
S. S. S. is Nature's blood purifier, harmless in its action and certain in its
good results. It is made from a combination of roots and herbs, each of
which has a definite and specific action in purifying the blood. Years were
spent in selecting and proportioning the different ingredients, but when
S. S. S. was perfected it soon demonstrated its superiority over all other
blood medicines, and now, after 40 years, it is still the one and only certain
cure for Contagious Blood Poison. While driving out the poison from the
circulation S. S. S. builds up and strengthens the system by its fine vegetable
tonic effects. If you are suffering with Contagious Blood Poison S. S. S. is
your most certain reliance, and because of its freedom from mercury,
potash or any other mineral, it is absolutely safe for every one. Home

DENEEN SIGNS THE BOND BILLS

So-Called Busse Bond Bills Completely Revised.

More Bonding Power for Cities in State Is Intended to Be Given by the Measures.

HE ALSO SIGNS OTHER BILLS.

Springfield, Ill., June 15.—The so-called "Busse Bond Bills," which completely revise the revenue laws of Illinois, were signed by Governor Deneen. The bills are house bills numbers 69 to 77, and 293 to 294, inclusive and are intended to give cities greater bonding power, though by the provisions of bill number 476 signed by the governor several days ago, ordinances providing for increasing the bonds of cities must be submitted to a referendum vote.

The bills signed change the assessed value of property in the state from one-fifth, the present ratio, to one-third of its full value, and reduces in corresponding proportion the limit of tax rate in the several departments of the government. The bills, it is estimated, will permit Chicago to raise about \$16,000,000 more of bonds.

The governor vetoed senate bill 525 requiring that in the case of a vacancy in a state office it shall be filled by a special election, instead of appointment by the governor. He says the special elections would cost the state \$205,000 each.

The governor signed senate bill No. 498 which amends the inheritance tax law. It will give the state power to collect several million dollars from the field and other large estates in Chicago.

Wallerstein Says:

NOTHING is quite as gratifying to the management of a store as an enthusiastic response to a sale announced. It shows the confidence of the public in square dealing of the house and in the high quality of its merchandise. That has been our experience with this SEMI-ANNUAL CLEARANCE SALE. In the few short days since the opening, men by the hundred have come to us, with the remembrance of the bargains of former years in their minds. They expect satisfaction—and GET it.
